

DISABLED VETERAN TRIAGE TEAM

CRUSADERS

VALOR FOR VETERANS

TRIAGE SUPPORT FUND

Enterprise Level Non-Profit Supporter Kit

A big thank you in advance!

Your interest in supporting the Crusaders Valor for Veterans Triage Fund is what is allowing us to drive our efforts farther, and bigger than ever before, helping more and more Veterans with “Triage Care” every day.

Please find included within, the full details of the project, team and effort that you can elect to support today, through your generous monthly or one-time tax-deductible contribution.

We host Enterprise support of either a one-time or monthly contribution from \$5,000 to \$500,000+, which is helping us expand our care and goal of helping 100s of Veteran Triage Cases each month.

Welcome to the Crusaders Valor for Veterans “movement”

We are likened to a “Triage Team” in that we facilitate the immediate solutions needed by disabled Veterans who have fallen into dire-straits due to a combination of issues, most revolving around the fallout from PTSD and/or reintegration issues.

Recent submission from one of our Veterans:

“Valor for Veterans has helped me out tremendously kept me from being homeless and honestly kept me from taking my life. I had plans of taking my life the day that Valor for Veterans called me! They have helped me with everything from rent to custody support to emotional support!”

Wade Mancell - United States Army Veteran

(more on our site at: www.ValorforVeterans.us)

We help on average, less than 20 Veterans each month, though that number is starting to quickly grow. Thanks to the support of the Commonwealth Capital team, we’ve just released our new “transparent” help app and platform that shows “*who is needing what help, who is helping, and what is being done in that moment*” - all in real time.

The Crusaders Valor for Veterans is unique as not only do we, through a transparent process, show complete accountability for how resources are being appropriated (while showing real-time results in action), on top of this, the system is further designed to align volunteers, Veteran Help Groups and Organizations, and “Boots on the Ground” around the country, all with a team and platform designed to offer a holistic approach to supporting our Veterans in-need - and “in the moment.”

Please understand that we are not “just” an application or platform, rather, the platform has been built and launched around our team that has several years of operational experience as a 501(c)(3) Non-Profit - - and what has been created here today is based on the successful application of efforts and protocols that have had a positive effect on, and changed the lives of numerous individuals and families to this point.

Before reviewing the supporter details, please make it a point to review our site and platform in action by navigating to the link below:

Project Overview

It is our objective to grow from handling less than 20 Veteran cases each month, to 100 within the next few months of our expansion efforts.

Currently, we have an average cost basis of \$1,000 per Veteran. This is the hard-cost of helping each Veteran with “Triage Care,” which requires (on average) \$1000 in immediate “bail-out” funds and efforts, for issues such as late rent / facing eviction, vehicle repairs, payments or repossession issues, utility bill payments to keep service from being shut off, or having them turned back on. These are just some examples of the immediate financial issues that we cover in the triage help process provided by Valor for Veterans, though it doesn’t stop there.

At this point, the Veteran is assigned to a resource in our network (often times a specialist) where they receive further care, guidance and support based on their unique situation and what brought them to where they are.

We have begun our expansion plans with the “V4V Triage Fund” in pursuit of our immediate goal of expanding our efforts of helping 100+ Veterans per month - and growing from there.

We are looking for enterprise sponsors or supporters to help us with funding the Triage Fund in order to help fuel our efforts and growth; ideally looking for monthly supporters who will supply the Fund with a monthly sum, allowing for the ongoing financial support of our triage efforts.

WHAT SETS US APART

All Veteran cases are showcased in real-time on our website, and real time details and updates show the process through-to-solution, for each Veteran case. Thus, accountability and performance reviews are built right in.

We are a “performance” based and driven organization, and so, we are excited to work on a “performance” basis. Our objective is to go from 20, to 50, to 100 Veteran cases resolved (in triage) each month.

With help to fuel our Fund, we have the skills, manpower and systems scaled to meet the objective. Please make the decision to support our effort. Please help fuel the Fund. We look forward to your input, review and your decision. Thank you.

Note: The cost to help each Veteran case includes roughly 25% in operational overhead costs.

DUE DILIGENCE

Proudly run, backed and supported by active and retired Military and Law Enforcement personnel.

President and Founder: **Tracey Nazarenus** (full interview: <https://youtu.be/xVYjLtsbmOA>)

Valor for Veterans is run by the Crusaders, a Federally Recognized 501(c)(3) Non-profit Organization that was Founded by Tracey Nazarenus.

Tracey Founded “V4V” after having a personal experience with her son returning from active duty / combat as being diagnosed with PTSD and suicidal. In her words “Thank God someone alerted me to what he was dealing with.”

Tracey is committed to decreasing the number of daily Veteran suicides by addressing the problems before they spiral out of control....and more often than not, bringing the Veteran back in from the edge.
